```c
#include <stdio.h>

int main() {
    int M, N;
    scanf("%d %d", &M, &N);
    int nPlates = 2*M + N;
    int nSticks = 6*M + 4*N;
    printf("%d %d", nPlates, nSticks);

    return 0;
}
```
