

```
1  #include <stdio.h>
2
3  void main() {
4      int sum = 0;
5      int x;
6
7      while(1) {
8          scanf("%d", &x);
9          if(x % 10 == 0)
10             break;
11          if(x % 3 == 0 || x % 5 == 0)
12             sum += x;
13      }
14
15      printf("%d", sum);
16  }
```
